

STATE OF CONNECTICUT
DEPARTMENT OF EDUCATION

September 2003

Dear Social Studies Department Head,

I am writing to share information about *Connecticut Women: Across the Curriculum, Throughout the Year*. This project was created by the Connecticut Women's Hall of Fame, specifically for use in Connecticut classrooms as a vehicle to incorporate women's history into your school's instructional program.

The project approaches this subject in a myriad of ways: a Timeline Poster featuring both Connecticut women's history and National women's history; trading card flashcards featuring over seventy five Connecticut women; and a Teacher's Guide focused on the use of primary source material. The activities in the Teacher's Guide are geared toward grades 4-8 and focus on Connecticut's social studies curriculum standards.

These resource materials were developed by a team of Connecticut teachers for use in a variety of classroom settings.

Please distribute and incorporate into your school's curriculum as appropriate.

Sincerely,

Daniel W. Gregg
Social Studies Consultant
